AIRSTREAM EXPANDS TOURING COACH LINEUP: LAUNCHES THE INTERSTATE NINETEEN

The all-new touring coach offers 50 best-in-class features in a compact, 19-foot body

Jackson Center, Ohio (August 30, 2018) – [Airstream](#), innovative maker of the iconic “silver bullet” travel trailer, today announced the debut of its newest touring coach, the 19-foot [Interstate Nineteen](#). For seven years in a row, Airstream has celebrated leading the pack with Mercedes-Benz® Class-B motorhomes, and the Interstate Nineteen builds on the brand’s history of first-class luxury, car-like performance and safety. Created to offer all the comforts and technology found at home, the Interstate Nineteen has 50 best-in-class features in a smaller package than its larger Atlas and Interstate EXT counterparts.

The all-new Interstate Nineteen offers both novice and experienced owners increased maneuverability and flexibility for city driving. It is nimble, easy to drive, amazing car like handling and can fit in any standard parking space. Although it’s compact, the Nineteen’s interior was designed to be open and airy.

It offers top-of-the-line luxury and comfort to travelers on the road and is equipped with a power rear sofa that converts into a generously sized bed – the largest in its class. Owners can enjoy ample storage along with Dupont Corian countertops and customizable cabinetry crafted from Italian wood. The coach boasts an advanced entertainment system, which includes in-dash multimedia with satellite & HD radio, smart phone connectivity and charging ports for devices, HD LED widescreen TV and an in-motion local TV antenna, pre-wired for satellite systems. Along with an accessible kitchen area, the Interstate Nineteen also contains a Truma furnace and water heater offering continuous hot water, marine plank style flooring for easy cleaning and adjustable LED lighting.

“The Interstate touring coach line is among the most popular in the Airstream lineup. Class B motorhomes are increasingly gaining market share and we are proud to offer consumers the gold standard,” said Bob Wheeler, President and CEO of Airstream. “With Interstate Nineteen, we wanted to bring all of the most-loved features into a coach that can be easily maneuvered in urban areas and in nature. The Nineteen is an example of our drive to build on our success and showcases our commitment to quality, safety and performance.”

The Nineteen features more than 50 best-in-class features including:

- All Mercedes-Benz options come standard including heated seats and heated windshield
- Advanced Mercedes-Benz safety features including: collision prevention assist, lane keeping assistant, side and rear-view camera assist, load adaptive electronic stability program, high-beam assist, headlamp cleaning system, and automatic rain-sensing windshield wipers

- Centralized System Controls
- Bathroom (Wet Bath) – largest in class
- Ultraleather® seating
- Signature aluminum ceiling and trim throughout
- Power shades
- Adjustable LED lighting

Airstream's Interstate Nineteen will be available for purchase August 2018. For more information about the Interstate Nineteen and other products in Airstream's lineup, please visit www.airstream.com.

About Airstream:

Airstream, manufacturer of the iconic "silver bullet" travel trailer, is the longest-tenured recreational vehicle manufacturer in the world. The company's mission, as set forth by founder Wally Byam, is to create well-designed, high-quality products that allow people to follow their dreams and explore the world in home-like comfort.

A steadfast commitment to Byam's credo, "Let's not make changes, let's only make improvements," has made the aluminum Airstream trailer a timeless classic. An unwavering focus on innovation keeps the company at the forefront of technology and customer experience in both the trailer and motorized sectors.

Airstream is based in Jackson Center, Ohio, where a team of skilled craftspeople builds each trailer by hand, adding daily to the brand's reputation for quality and innovation.
